## ΔΗΛΩΣΕΙΣ ΚΑΙ ΠΛΗΡΟΦΟΡΙΕΣ

Επισκεφθείτε την διεύθυνση:  
[www.thetamarine.net/webpubliccourses](http://www.thetamarine.net/webpubliccourses)

## OBJECTIVES & BENEFITS

This course is intended to provide participants with the tools needed to carry out an International Ship and Port Facility Security (ISPS) internal audit for a company, ship or facility. The course provides a practical approach to auditing.

## HIGHLIGHTS

- Defining security fundamentals
- Relevant requirements of the ISPS Code Parts A and B
- Types of audits and basic steps in the development of an internal audit program
  - Phases of an internal audit:
    - Planning the audit
    - Conducting the audit
    - Reporting the audit

**Facilitator:**  
**Mr. Andreas Sfakianakis**  
Mechanical Engineer  
ABS Instructor

**Who should attend:**  
Ship and shore-based staff, requiring an understanding of the application of the ISPS Code for auditing and implementation purposes.

A **Certificate of Compliance** will be issued after the end of the 2 days seminar from **Theta Training Center** approved by **ABS**
